Eagle-Eye Tours

Crossing the Circle Cruise Itinerary

Link: Crossing the Circle Cruise

Tour Overview

A quest to go where few have gone before. We chart a course through the Drake Passage and along the Antarctic Peninsula with the ambition of crossing the Antarctic Circle. The farther south we go, the more sea ice we are likely to encounter, along with incredible wildlife and awe-inspiring scenery. Should we arrive at 66°33’S, we’ll join the small band of explorers that can claim they have made it this far south.

Itinerary

Day 1: Arrive and explore in Ushuaia

After a friendly welcome at the airport and a transfer to the luxurious Arakur Ushuaia Resort & Spa, take some time to unwind or explore the southernmost city in the world, Ushuaia. (In the unlikely event that you can't be accommodated at the Arakur, you'll unwind at another of Ushuaia's top luxury hotels.) Our optional evening briefing is your opportunity to ask questions and meet some of your fellow explorers.

Day 2: All Aboard!

Spend your morning relaxing at the hotel, visiting a museum, or exploring the shops in Ushuaia, before our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain’s welcome dinner. We’re on our way to Antarctica!

Days 3–4: Drake Passage

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program, or sit back and take in this fabled journey while catching glimpses of rarely-seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures, your cue to get ready for that first iceberg sighting, an unforgettable moment on every journey.

Day 5: South Shetland Islands

Over time, the volcanic activity of the South Shetland Islands has created a geology unlike any other. Here, you can expect a spectacular display of mountains, glaciers, and wildlife, including Chinstrap and Gentoo penguins, and it's not uncommon to share the water's edge with Elephant and Fur seals. Whales are often spotted as well. So, we'll settle into our Zodiacs and kayaks and spend most of our day exploring. Whether on land or sea, in Zodiac or kayak, be prepared for a fully immersive introduction to this incomparable part of the world.

Days 6–9: Achieving the Antarctic Circle

Heading south across the Bransfield Strait, we begin to see the breathtaking outline of the Antarctic Peninsula. Wildlife sightings, including penguins, whales, and fur seals, become more frequent, as do dramatic sculptural icebergs. With extra time to explore, possibilities abound. We'll look to visit historic sites like the huts at Damoy Point, keep an eye out for humpback whales in Wilhelmina Bay, and continue our twice-daily outings until we reach the crown jewel of this expedition, the jaw-dropping scenery through the Lemaire Channel. Weather permitting, we'll cross the Antarctic Circle at 66°33'S, an achievement that will put you in rare company. Following a tradition first established by sailors crossing the equator, we'll celebrate the occasion by… (Sorry, you just have to be there), before heading onward toward any number of historic and rarely visited British Survey bases, after which we turn back north.

Days 10–12: Antarctic Peninsula

Heading north, we'll explore all the Antarctic Peninsula has to offer, including any number of spectacular bays and famed landing sites, maneuvering through dramatic channels as we traverse the wildlife-rich waters, encountering a wide variety of lively penguins, seals, and whales along the rugged coastlines and in the sea. There are always great opportunities to stop at several active scientific bases and historic landing sites along the way, as we leave no opportunity unseized upon in our quest to explore the very best of this magical place.

Days 13–14: Drake Passage

again heading across the Antarctic Convergence and the Drake Passage. We have one last hurrah as we celebrate the conclusion of our expedition with a special slideshow and a final meal together.

Day 15: Ushuaia Disembarkation

With huge smiles on weary, content faces, we disembark in the morning, letting you catch a flight to Buenos Aires or stay in Ushuaia for more sights and adventure.

What to Expect

Our Crossing the Circle Antarctica cruise program allow you to experience the best of the natural world, while enjoying the comforts of our friendly floating hotel. The ship generally makes crossing between islands at night, so every morning you awake to new vistas and discoveries. Every day we offer a combination of interesting shore excursions and fun shipboard activities. You can choose which elements of the program you want to participate in.

Our excursions onshore will involve a relatively low level of exertion, but you will need a reasonable level of mobility to get up and down the gangway and climb into and out of Zodiacs (with assistance). Some of our shore landings will be 'wet', requiring waterproof boots. Once you have left the zodiac, you'll find our shore excursions accommodate both those who wish to enjoy a gentle stroll and those who prefer more active hikes. Our onboard specialists will join us on these shore excursions to provide interpretation and narration to these wonderful landscapes and experiences.

Each evening we will gather in the lounge to recount the day's events and share memorable stories. Our expedition leader will outline the following day's schedule. Our resource staff of naturalists, historians, and other guest speakers will give informative talks at various times throughout the voyage.

Meals in the ship’s dining room are a great opportunity to meet new friends and recount the day’s adventures. Special diets can be accommodated with advance notice. Safety is also a top priority with Eagle-Eye Tours – our team has extensive experience in the field, and all of our Voyages are run in conjunction with operators with the highest safety standards.

When the ship is underway, it is a wonderful time to join a naturalist on deck, take photos of the stunning scenery, or get caught up on some reading in the library.

We know that everyone travels for different reasons. Over the years, however, we have found one common element among the guest who choose to travel with us – a thirst of knowledge and authentic experience. Knowing this drives us to ensure the highest quality learning experience on our trips, by taking time to carefully design each trip we offer.

What's Included

Tour Price Includes

• One pre-voyage hotel nights in Ushuaia
• Transfer from group hotel to ship for embarkation
• Shipboard accommodations
• All meals on board
• All alcoholic and non-alcoholic beverages (some super premium brands excluded)
• Coffee/Tea/Cocoa 24 hours a day
• All scheduled landings and excursions
• Our Citizen Science program: participation in a variety of scientific activities that support important research projects
• Expedition jacket (yours to keep)
• A pair of loaner boots for use during the voyage
• WiFi from the public computers
• 200 MB WiFi card for use on your personal devices
• Daily international news service
• All port fees
• All landing fees
• Digital Voyage Log
• Group transfer from ship

Tour Price Does Not Include

• International flights to/from Ushuaia
• Pre or post voyage expenses in Ushuaia
• Travel insurance; medical insurance; evacuation coverage
• Laundry and personal expenses incurred on board
• Onboard communication charges such as outgoing phone calls, WiFi from personal devices in excess of the 200 MB provided
• Staff gratuities
